DETAILED ACTION

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In claim 12, line 2, after "string" a period has been inserted.

Figures 1-5 have been labeled as "Prior Art".

Allowable Subject Matter

2. Claims 1-37, 39-46 renumbered as 1-45 are allowed.

The following is an examiner's statement of reasons for allowance: the prior art of record does not disclose, in single or in combination, maintaining at an instant messaging network server a registration record indicating mobile station is available to receive messages but pointing to IM client proxy address as an address to which messages destined for second station should be sent, in combination with other limitations of the claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
